7. Considering [ExternalDataReference]'s preparation in light of the needs of your school, what are your recommendations for strengthening the teacher's preparation?

Considering [ExternalDataReference]'s preparation in light of the needs of...

Just like all beginning teachers, she needs support in handling classroom management issues consistently on a routine basis. I notice that is not mentioned anywhere on your survey, yet it is the largest struggle of new teachers. ████ is an incredible educator and will do well, but this is the greatest need she currently has, particularly in learning how to speak with parents and students about a variety of topics.

████████████ is a natural teacher. She ensures all of her students' academic needs are identified and met. As ███████ gains additional experience with the curriculum and she internalizes best teaching strategies and practices, her teaching will improve. Elizabeth has grown by leaps and bounds in classroom management. With another year of experience, ████████████ will be an exceptional teacher in all areas.

████ has done a tremendous job during her first year of teaching. Not only does she try to prepare the best academic lessons for the children, she makes sure she also teaches and meets the social/emotional needs of her children. She is a dedicated teacher and is an asset to our school community.

She needs to teach in a private school or college with small classrooms.
